Generations of educators, students, Hawaiiana scholars, and citizens of our state will appreciate the printing of the Index to the Honolulu Advertiser and the Honolulu Star-Bulletin. It will provide them with a basic research tool and provide a deep insight into the period of Hawaiian history from 1929-1967—that period of history which has seen so much of significance happen in our state.

There are many gaps in the printed documentation of the history of Hawaii and this index will fill one of the most notable gaps. The Department of Education is proud to have taken part in closing this gap.

RALPH H. KIYOSAKI  
Superintendent  
Department of Education
